Brief sketch

We are looking for volunteers who can offer 1 academic year to support special needs students who are aged between 16 and 25 years old. We are also looking for volunteers to support young adults in our co-housing project. We are an authentic Camphill Community with a residential College and an adult Co-Housing project.

College life revolves around 2 cosy family houses and a large beautifully converted monastery. Our volunteers are responsible for helping and supporting the student journey through college Education takes place in movement and art sessions, the bakery, pottery, garden, weaving workshop and house communities.

In the co-housing project, volunteers support adults to live a full and meaningful life in community with individual needs, wishes and aspirations fully taken into account.

We regret we are unable to consider applications from anyone under 18 years old, or offer short-term holiday and work experience placements.
